

what would your ideal home look like?

Regardless of what they look like, all of the new homes will be environmentally friendly and sustainable due to modern standards and Pavilion's aims to provide high quality housing. However, would you like this modern approach to house building expressed in how the buildings look or would you prefer them to match the local building style in a more traditional approach?

Previous scheme by KSA in Portsmouth.

modern?

Previous First Wessex scheme by Miller Hughes.

contemporary?

Examples of traditional buildings.

traditional?

Typical example of flats on the estate.

similar style to the current homes?
